KYB - World Class Shocks and Struts

KYB is one of the world's largest supplier of Original Equipment shocks and struts. In fact, over 1 in 4 new vehicles on the road today are equipped with KYB. KYB's aftermarket products are designed with the very same high standards that KYB delivers to Toyota, Lexus, General Motors, Audi, Infiniti, Mercedes Benz, and others.

KYB's product lines are created with a simple purpose: Restore or More? KYB makes it easy to choose the best product for the motorist and for the vehicle.

Shocks and Struts

World Class Shocks & Struts

Tech Specs -

1 **Excel-G**

- Calibrated to compensate for worn suspensions
- Components and valving are designed specifically for each application
- Designed to help restore OE performance for normal driving conditions
- Built with quality that matches or exceeds OE
- Coverage for domestic and import cars, trucks, vans, minivans, and SUVs

2 **Gas-a-Just**

- The correct replacement for monotube equipped vehicles
- A performance upgrade for twin-tube equipped vehicles
- The monotube design is more responsive and automatically adjusts to driving conditions
- Provides a firmer ride and additional control
- Applications for cars, trucks, vans, and SUVs

3 **MonoMax**

- The right choice for hauling, towing, or plowing
- The best performer for heavier loads or off-road use
- Perfect for diesel trucks
- Applications for light trucks, vans, and SUVs, including some lifted and lowered vehicles

4 **AGX**

- Externally adjustable without lifting the vehicle or removing the tires
- Offers a wide range of damping rates from street to strip
- Perfect for high performance and sport compact drivers
- Available for select domestic and import cars
- Has adjustment knob or slot depending on the application

5 **Strut-Plus™**

- The World's Best OE performance-restoring KYB Excel-G Strut
- A new and improved coil spring; custom tuned for corner-specific ride height and vehicle design
- OE quality bearing plates & insulators optimize steering smoothness, quiet operation, and help maintain proper front end alignment
- A new polyurethane boot and travel-limiting bumper protect KYB's highly polished chrome strut shaft from road dirt and debris
